## OBJECTION TO NAME CORRECTION

- 1 1. Rule 17 does not make reference to the use of specific name use in short title,  
2 nor is there reference anywhere within the Rules of The United States Court of  
3 Federal Claims on how to approach such a First Impression Case in appropriate  
4 manner of title of such a case of the American people coming together in unity  
5 for the betterment of humanity at large. *See United States v. W.R. Grace.*
- 6 2. While this completing holds QUI TAM as viable means to proceed, Rule 83.3 is  
7 the closest reference to what this case could be. Studies of law, however, have  
8 been alternatively obtained outside the teachings of the BAR as much of the  
9 material outlined within the complaint is from private law libraries in addition  
10 to PUBLIC LAW libraries. Though this would not be entirely accurate either (as  
11 there are thousands of false claims being run through the Unlawful Detainer  
12 courts where pro-se whistleblowers have been blocked). *Note: Doctrine of*  
13 *Unclean Hands.*
- 14 3. If we were truly following the Rules of Court, then it would certainly be clear  
15 that the Unlawful Detainer courts have not followed their own Judges Bench  
16 guides to Unlawful detainer. The whistleblowers whom attempted to come  
17 forth in the Powers vs. Bank of New York Mellon (whose interested party forms  
18 were order by the Judge to be destroyed) were NOT tenants pursuant to the  
19 rules under §§ 1161a(b)3, despite the use of a super imposed commercial 12-  
20 month reverse purchase and sale lease back used to imply such a thing. And the  
21 lead petitioner would not have her discoveries of third party graph bribes buried  
22 by a federal judge to an older case in that her property could be brokered  
23 through Judge own Real Estate associates in exchange for false testimony.
- 24 4. PER THE UNLAWFUL DETAINERS COURTS OWN RULES as of 2015,  
25 section G. Tenant Defenses (8) *When Title is at issue... (Mehr v Superior Court*  
26 *(1983) 139 CA3d 1044, 1049, 189 CR 138).* When the litigation is between a  
27 plaintiff-lender and a defendant-homeowner, because of summary nature of  
28 unlawful detainer proceedings, **it is un-suitable forum to try complicated**  
**ownership issues;** *Asuncion v Superior Court (1980) 108 CA3d 141, 145–146,*

166 CR 306 (eviction of home- owners following foreclosure raises due process issues and must be heard in superior court).

1 Meaning the Unlawful  
2 Detainer Courts are in VIOLATION of the 5<sup>th</sup> and 14<sup>th</sup> Amendments to the US  
3 Constitution and lacked Jurisdiction ab initio. A Writ of Mandamus upon the  
4 Unlawful Detainer Courts is proper and long overdue.

- 5 5. The core whistleblowers whom were brave enough (some from the California  
6 18), have uncovered criminal involvement of a multitude of peace keepers,  
7 charters, recorder's office, attorneys and Judges whom have convey to the them  
8 "the courts" were under orders from above to deny them due process of law.  
9 This can only be done under extreme conditions; the 1933 National Declared  
10 Bankruptcy cannot supersede Constitutional Supremacy Clauses, meaning in  
11 order to effect such a command, the Nation would have to be kept in a perpetual  
12 state of WAR. *See Constitution Article 1, Section 9 and the activation of the*  
13 *militia in time of rebellion or invasion Article 1, Section 8 Military Law. See*  
14 *also The Living U.S. Constitution by Saul Padover and Jacob Landynski*  
15 *(Meridian, 1995); Constitutional Law: Cases and Commentary by Daniel Hall*  
16 *(Lawyer's Cooperative Publishing, 1997); and ex parte Milligan, 71 US 2.*
- 17 6. Which begs the question why would the current President of the United States  
18 of America act contrary to the executive orders he himself has issued when he  
19 himself declared September 17, 2017, through September 23, 2017,  
20 "Constitution Week" and has been instructing Americans to Unify against  
21 blatant Packaged attacks against the American People. If he himself has not  
22 issued such orders from above, then whom exactly are these head judges taking  
23 their orders from and why are key members of the league being fraudulently  
24 reflected in courts as BRASHEAR vs POWERS upon the submission of  
25 interested parties under a criminal joinder motion? See: "The National  
26 Emergency" *See Executive Order 13849 of September 20, 2018 referencing*  
27 *Executive Order 13757 " Section 1. Section 1(a) of Executive Order 13694*  
28 *amended to read as follows: "Section 1. (a) All property and interests in*  
*property that are in the United States, that hereafter come within the United*

States, or that are or hereafter come within the possession or control of any United States person of the following persons are blocked and may not be transferred, paid, exported, withdrawn, or otherwise dealt in:

7. A complaint of such historic implications would more likely fall under APPENDIX H. RCFC 16(f) which has been amended by adding a new paragraph (2) to include as a sanctionable action the disclosure of information produced in connection with an ADR proceeding conducted pursuant to Appendix H. This complaint can only be brought forth in Unity through the good faith of the people to which this nation stands to be as effective as it needs to be for the safety and well-being of all those involved.
8. As a sign of support based upon the sentiments expressed by the President of the United States and his beloved first lady of America in response to "Package" attacks upon fellow Americans, Petitioners hereby ask these courts to take notice of the CO-QUI TAM WHISTLEBLOWERS willing to step forth in UNITY under duress of what appears to be a "National Emergency" effected under Marshall Law. Meaning that all of these illegally foreclosed properties are legally the property of the United States of America and can be seized by the Government's PUBLIC announcement of Marshall Law.
9. What is being presented to these courts are the men and women of this nation whom are willing to step forward in unity to help fight these financial crimes against humanity for use in False Claims for tax avoidance in order to transpose Debt borrowed by the Federlized Banking Industry at large as MERSCORP members to the people of the Nation utilizing a MER's Symbol as a Lender Nominee appointed by the originating entity on behalf of the Tax Exempt Real Estate Investment Conduit known inside the industry as the.. **"T"** rademark

10. Therefore, it is befitting that this complaint be an instrument through which  
1 good men and women can be brought together to help collectively assist in cross  
2 complaints to offset Damages in REMEDY owed to the Victims of these  
3 "TUMERS" who wish to REDEEM themSELVES. It is the Leagues intent  
4 "For" Closure overdue Subrogated Defalcations to be returned to the victims of  
5 this crisis through good Faith. Further lead Petitioner chosen first name -  
6 "FAITH", it should not make a difference to whether a first or a last name is  
7 used for short title. Since there is no reason to object to this as a compromised  
8 title, we come forth to stand united in FAITH as a symbol of the strongest form  
9 of standing known to mankind.

21 following historical patterns, Powers of Attorneys are being circulated between

23 of us wish to fall as collateral victims in whatever political agenda is happening  
24 on the borders, in our stock market and in unwarranted bomb threats. We are

13. Bottom line.. The law requires proof of jurisdiction to appear on the record of  
the administrative agency and all administrative proceedings.” Hagens v.

Lavine, 415 U. S. 533. This complaint was drafted as an aid to allow for the Government recapture of this nations properties, repayment of our Nations Deficit and collective support for the return of our Constitutional rights. In the manner to which it was written it should not affect the positions of the "POWERS that BE", you all need to sort your own bad selves out. Worst case, it should serve to amuse and resolve the lower level idiots whom could not contain their own personal greed or stupidity. The problem will not be how to retrieve these funds against their BONDS, it will be in deciding whose turncoat has the most Error, Omission, or insurance to cover these 100% IRS penalties.

14. There is no statute of limitation of tax evasion especially when the AMICUS offers proposal for tax benefits and rewards to restore pensions, maintain financial stability in the restructure to a safer format, and recovery programs under one heck of a Humanitarian peace effort designed specifically for use with DOD and DOJ as a form of protection for the people of this nation.

15. The Leagues primary concern is with the safety and welfare of the General sleeping public at large. It is our wish to establish a long term beneficial mutual relationship through a property TRUST company to whom can create government family trusts as a part of private humanitarian team led by a beneficial giving specialist that will coordinate the payout of monies designated for the benefit of mankind including but not limited to victims of foreclosure abuse, legal expenses to assist in identifying and redeeming abusers of the legal system, redeeming those whom are abusing the bank articles of inception and allow for this trust to be set up through a foundation to where the banks can have the benefit of a charitable donations under the IRS codes. statewide recovery programs, affordable eco-green community housing projects, and new technology support beta testing, training programs and philanthropy for at least three to four generations to help heal this Nation.

16. Laymen, hold leeway for they are not held to the higher standards to which BAR attorneys are held to. *See RULE 11 and RULE 5-200's.*

17. It is not our fault that BAR Attorney's across this Nation have been choosing to

1 verify complaints with first-hand knowledge. Every DOJ agent under the sun  
2 knows that statements of counsel, in their briefs or their arguments while  
3 enlightening to the Court are not sufficient for a motion to dismiss or for  
4 summary judgment. "Once jurisdiction is challenged, the court cannot proceed  
5 when it clearly appears that the court lacks jurisdiction, the court has no  
6 authority to reach merits, but, rather, should dismiss the action." *Melo v. US*,  
7 505 F2d 1026. The lower level courts failed to do so and have gone to such  
8 lengths as to actively participate in blatant obstruction, denial of court calls to  
9 allow defending of such motions to the point where physical harm has been  
10 done to the people to discourage them from coming forth. *See Complaint*  
11 *submission pictures evidencing bruises.*

12 18. In short you cannot even begin to argue the MERITS of a suit without an  
13 injured party as that deprives the courts of subject matter. There are simple  
14 questions that have been repeatedly asked and outright ignored, buried,  
15 obstructed and denied.

16 A. Can this court move on facts not in evidence?

17 B. Where is the competent fact witness?

18 C. Where is the damaged party?

19 D. Who brings the claim?

20 E. Who is underwriting this action?

21

23 *See "Trinsey v. Pagliaro, D.C. Pa. 1964, 229 F. Supp. 647, "Statements of*  
24 *counsel are not facts before the Court," see FRCPA Rule 52(a) and United*  
25 *States v. Lovasco (06/09/77) 431 U.S. 783, 97 S. Ct. 2044, 52 L. Ed. 2d 752,*  
26 *Holt v. United States (10/31/10) 218 U.S. 245, 54 L. Ed. 1021, 31 S. Ct. 2.*

27 19. The declarants against the Victims of the Mortgage Crisis, ultimately fail to aver  
28 that they have personal knowledge of the facts set forth in the declaration or that  
if called as a witness that he could and would testify competently to the truth of  
the factual matters asserted in the declarations. (See Code Civ. Proc., § 437c(d))

1 ["Supporting and opposing affidavits or declarations shall be made by a person  
2 on personal knowledge, shall set forth admissible evidence, and shall show  
3 affirmatively that the affiant is competent to testify to the matters stated in the  
4 affidavits or declarations"]; *Corwin v. Los Angeles Newspaper Serv. Bureau, Inc.*  
(1971) 4 Cal.3d 842,851 fn. 6.)

5 20. Opposing Council against the victims of the Mortgage Crisis did not have  
6 personal knowledge of, documents produced in Unlawful Detention litigation.  
7 Thus, their testimony could not have been based on personal knowledge. This  
8 constitutes speculation, argument and improper opinion.

9 21. By verifying the complaint in such a manner, the majority are attorneys  
10 processing illegal foreclosures are in actuality doing so in many cases by  
11 professing to the knowledge that they are acting on behalf of a tax exempt  
12 Special Purpose Vehicle or Real Estate Mortgage Investment Conduit (REMIC)  
13 to which was terminated/ suspended under the Securities and Exchange  
14 Commission typically after one year of seasoning and are subject to 100% IRS  
15 tax penalties equal to the value of the pooled funds within the REMIC itself if  
16 they (as third party incidentals) are acting as a foreclosing party to the  
17 transaction. Cal. Evid. Code §§ 702, 800, 803; McAlpin, 53 Cal. 3d at 1308.  
18 Not our fault that BAR Attorneys are too stupid to realize the dollar amount of  
19 the pooled REMIC values they claimed DOCKET responsibility for IRS  
20 auditors. We did not start this war...

21  
22 22. Foreclosing Council do not know for a fact that any of the assumptions  
23 presented by declaration or exhibits are true, wholly true, and nothing but true.  
24 [Cal. Evid. Code § 225. "Statement" means (a) oral or written verbal expression  
25 or (b) nonverbal conduct of a person intended by him as a substitute for oral or  
26 written verbal expression.] (see Pen. Code § 125. An unqualified statement of  
27 that which one does not know to be true is equivalent to a statement of that

23. The League of Fraudulently Dispossessed Homeowners consists of the private living, breathing, flesh and blood Whistleblower victims of what is forever forged in history as the Great Mortgage Crisis. We will not be separated by the courts, we stand united to assist in rectify misappropriations of JURIS- (accounting software) DICTIONs by Defalcations in Usurpation of what equates to Government vessels under a National State of Emergency.

As the fiduciary trustee i assume responsibility for the NAMEsake FAITH LYNN BRASHEAR as its authorized representative. I am here to audit the books of CORPORATE AMERICA franchised NAMEsakes for alternate "accountability" to hold the lower level actors involved in these unqualified IRS transactions liable in E&O offsets owed against the deficit via the MERS trademark system as the undisclosed BORROWER of Deeds of TRUST upon Government Election of Action Forms. 25. The following are witness to whom are qualified to testify with first-hand knowledge as fiduciaries of:

**Witness A: Miss Cynthia Brown**  
Proud Member of U.S. Olympic Gold-Medal Team  
California Equal Access Advocates  
American Disabilities Act - Amended Act  
Certified Advocate ID #0172016FDS

As an ADA advocate for the people, Mrs. Brown holds jurisdiction over the courts per congressional intent. Her licensing's and certificates make her eligible to make arrests. She holds the ability to exercise disciplined discernment. This also means she is able to present to the DOJ, organized well-documented list of those whom are abusing their power for maximum benefits to society at large. This includes but is not limited to witnessing judges practice from the bench.

26. **Witness B: Mrs. Pam Zander**

Mrs. Zander is an expert witness whom works with the IRS. She holds Certifiable records of designations as a LDA Legal Document Assistant, ADA certifications, and numerous other title designations. Mrs. Zander can verify that the trustees of these REMICs have to be registered with the IRS EIN Number whom can assist in the subpoena questioning of the REMIC trustee under evidence code 1400 to prove there is no writing of a lien. She is also proficient with SEC research and can request the gold sealed documentation of attestations to verify suspension/ termination of said REMIC's and their use in the manipulation of the LIBOR index in certificate offerings.

27. **Witness C: MAHER SOLIMAN**

Mr. SOLIMAN is an Expert Witness, a former CFO and later Chief Operating Officer for Mortgage Guarantee. Mr. SOLIMAN has held CFL and CA Brokers license, and is a member in good standing with the Association of Certified Fraud Examiners ACFE. Mr. SOLIMAN personally conducted an audit review upon Mrs. Brashear's Deed of Trusts, and has also identified them as a 12-month

commercial reverse mortgage and sale lease back, and not a mortgage. Further he has conveyed his findings of embedded triggering mechanisms and timing devices upon recorded title documents associated with specific SEC market shut downs. Because of the government connections to these specific government elections of actions forms, his information could be enough probable cause to support high level treason and therefore for the safety of our Nation, should be called in by the DOJ for questioning and it with understanding that he is already a known witness.

28. **Witness D: Robert Jones**

Mr. Jones is a past IRS Agent. He holds in his possession a private law library and runs a consumer fraud service and tax defense. Mr Jones has verified the IRS audit upon Mrs Brasher held procedural irregularities and has personally conducted audits upon courts in review of their IRS Payee Data forms. He holds connections to former IRS agents, FBI agents and DOJ agents whom have been victimized by such crimes and holds inside information to the proper proceedings pertaining to both the Internal Revenue Service and the U.S Department of Treasury. Because of the threats against him in the past, he would agree to meet in judge's chambers under guard.

29. **Witness E: Jane Doe**

Because of the threats Jane Doe has endured as a higher-level executive of the Federalized Banking Industry she is willing to come forth under guarded protection and in judge's chambers only if called to verify that there was never a mortgage lent to the consumer, only funds borrowed against the consumer's credit. Between Faith Brashear should verify beyond a shadow of a doubt that UCC 3-104(a) & (c) and UCC 105 (a)(c) makes it clear that the people whom had MERS as a nominee (undisclosed borrower exhibited per the Complaint), were the Issuer, Drawer, Maker of the Note that was executed upon a Government election of Action form, giving it value, at the closing, while UCC 8-102(12),(15),(9) and UCC 8-105 leaves no doubt that the people were the holder of the entitlement right to the funds. Further the use of the instrument in the offering of certificates attached to the manipulated LIBOR index falls under UCC§ 3-305 (iii). Meaning transfers could not legally be made under UCC § 3-203 (a), making everything that

1 ensued forgeries under UCC§ 3-302 (1). Turning every 1099-A filed a willful  
2 attempt to evade taxes by use of fraudulent filings, to which there are no statute of  
3 limitations against the issuer and no statute of limitations for the corrections of a  
4 falsely filed tax return dating back to 1933. The people were the Creditor's and  
5 entitlement holders with the authority to issue Entitlement Orders as concerns to  
6 these transactions and/or this account. Mrs. Doe and Mrs Zander can further verify  
7 petitioners, witness, victims Qui Tams Right of Subrogation to balance the effects  
8 of government abrogation of the gold clause, HJR 192 & P.L. 73-10.

9 **30. Witness F: William Wagener**

10 Mr. Wagener is a white hat investigative journalist whom served this nation. He  
11 has been on the site of several ground breaking court cases and has witnessed a  
12 multitude of abuses from child abductions to jury plants. He holds direct  
13 knowledge of attorneys to which have been de-barred for attempting to assist  
14 homeowners behind the scenes itching to assist in a mass clean-up of the BAR. He  
15 has also witness Judges whom assert that they do not have to Swear to their Oaths  
16 of office. Because of the direct assaults upon his life and the threats to which he  
17 has received he would be willing to give testimony under guard in judge's quarters.

18 **31. Witness G: Frank Waldo**

19 Mr. Waldo is part of a Private Members Association dedicated to helping its  
20 members fight mortgage and foreclosure fraud using litigation support products and  
21 services. He holds a data base of hundreds of victims of foreclosure abuse.

22 **32. Witness H: Bruce Marks**

23 Mr. Marks Bruce Marks is the COE of NACA, The Neighborhood Assistance  
24 Corporation of America. Mr. Marks has an M.B.A. in finance from New York  
25 University and a B.A. in economics from the University of Connecticut. He was an  
26 L.B.J Scholar for Congressman Stewart McKinney (R-Ct). He worked as a  
27 Congressional Liaison for the Department of Energy in Washington DC. Then he  
28 worked as regulator for the Federal Reserve Bank of New York in Domestic  
Applications. Many of the "denied" modifications of those coming forth as Co-  
Qui Tam's were run through NACA including Mrs. Brashear whom is a front line  
advocate. NACA holds a national database of thousands of victims of such abuse.

33. **Witness I: Michael Winston**

1 Mr. Winston PhD is a Former Countrywide Financial executive, he'd held C-suite  
2 positions at Motorola, Lockheed, and Merrill Lynch.

3 34. **Witness J. K.C. Tuckness Mercer**

4 Mrs. Tuckness was a victim who prevailed in a wrongful foreclosure suit. Her case  
5 is held in confidentiality.

6 35. **Witness K. Thomas Hargreaves**

7 Mr. Hargreaves is the CEO at Foreclosure Defense Programs, he holds an expansive  
8 data base of cases holding Ultra Vires frauds.

9 36. **Witness L. Renee Wyler**

10 Mrs. Wyler investigates Wall Street Frauds and catalogs fake mortgage accounts  
11 registered in MERS. She has exposed Judges whom hold such mortgages against  
12 parcels owned by the US Government whom have been benefiting from such  
13 proceeds.

14 37. **Witness M. Daryl Nolch**

15 Mr. Nolch was the Australian Whistleblowers' claims are already in US Courts and  
16 stem from attempts by a Victorian State Government Legal Services Board &  
17 Commission (LSBC) trying to find, during US investigations, Americans in  
18 Australia in I.T with backgrounds in I.T from Silicon Valley and military  
19 intelligence and fraud investigations and who were going on Australian tv, seeing
